Many notables were aboard the Persia three days late leaving the coast because she had to wait for overland freight. A brief Who's Who, compiled by Purser 'Ed' Seeley, revealed the following persous of interest on the Persia's passenger

ing in Southern California. E. Nance, soldier of fortune, fresh from

Escaped Execution in Mexico from Mexico to take charge of Russian min. Engineers. ing property near the Black Sea. He is said to be one of the eight Americans who were alive today.

Got Degree and Married fore the Persia sailed, married an Oakland hats a day every day of the voyage to date and says she thinks she can do the same the rest of the trip.

to Moscow, Russia, around the world because of the war.
Mr. and Mrs. J. E. P. Schoenfeld and two children and Miss J. E. De Bruin Kops. Schoenfeld is another Hollander and is en route to Java for a big Dutch oil company

Captain Reports Fine Voyage Captain H. Nagano reported a fine voyage with no had weather. Steaming time from San Francisco was 6 days, 18 hours and 48 minutes, showing that the old liner came right along after leaving the coast. The liner's through passengers are 41 first cabin, no second and 62 steerage. Three stopovers came to Honolulu.

The Persia brought 121 bags of mail from San Francisco. Her through cargo is 2501 freight list tons. Treasure on board is 507 packages worth about \$1,000,000. The ship's young surgeon, Dr. I. W. Darrah, is recovering from a bad attack of the grippe.

Sailing time of the Persia is 5 o'clock this afternoon. Sne docked at Pier 7 at 7:45

That the Oceanic liner Ventura, from San s stated in a wireless received by the local agency, C. Brewer & Company, this morning It is stated by the local postal infrom the steamer.

and steam at 2 or 3 o'clock the same after noon for Pago Pago and Sydney, taking mail, passengers and freight.

It is not believed that the Sonoma will be more than a day late reaching San Francisco even with one propeller missing. A few days ago the Sierra lost a propeller at sea, but with the other one averaged 13 knots but with the other one averaged 13 knots to San Francisco, where the average speed with both propellers working is 15. The Sonoma should arrive at the coast probably Tuesday morning instead of Monday afternoon. The Great Northern, leaving here at 10. a. m. tomorrow, will reach San Francisco Tuesday afternoon. The two boats may possibly reach San Francisco about the same time.

Monday morning will see the arrival of the China Mail liner China from San Francisco. A wireless received by the shipping department of the local agency, H. Hackfeld & Company, Ltd., today, says she will be off-port at daylight March 19, leave for the Orient early in the afternoon.

The China will dock at and leave from

Pier 7. She reports in her message that her passengers for Henolulu are four second cabin and three Asiatics. Through passengers are 86 first cabin, 28 second and 309 Asiatics. Mail is given as two bags for quarantine. The liner wants no coal here, which will enable her to steam for the Orient early in the afternoon. Ecuador Believed O. K.

No radio was received today from the Pacific Mail liner Colombia, nor was any further word sent from the Orient concerning the Ecnador's mishaps. The local agency be-lieves she stuck at low tide on a sand bank of the Woosung river leaving Shanghai and floated off at high tide undamaged. She

At 8 o'clock Saturday morning the Siberia Maru of the T. K. K. fleet will arrive off port from Yokohama, according to a radio received from the liner by Castle & Cooke's shipping department this morning. She will dock at Pier 7 to land her Asiatics and Pilipines for this port, also to discharge 1275 tons of cargo for Honolulu. She will leave for San Francisco either late Saturday evening or early Sunday morning, taking mail.

The Siberia, according to cable advices received from Yokohama the day after she steamed from the Japanese port, has on board.
10 first cabin, three second and 238 steerage for Honolulu, the steerage including 187
Filipines for island and assertable including 187 Filipinos for island sugar plantations, Wilhelmina Leaves for Hilo

At 5 o'clock this afternoon the Matson liner Wilhelmina. Capt. Francis M. Edwards, is leaving for Helo. She will not return Crescent City until Monday morn ing, one day later than usual, as she has Enterprise was to have taken but could

DUE TO ACIDITY

SO SAYS EMINENT SPECIALIST

So-called stomach troubles, such as neigestion, wind, stomach-ache and inability to retain food are in probably nine cases out of ten simevidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, and acid formation is not only unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid. and render it bland and harmless, a teaspoonful of bisurated magnesia, probably the best and most effective corrector of acid stomach known should be taken in a quarter of a glass of hot or cold water immediate ly after eating, or whenever wind or mentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and as bisurated magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.-M. F. P. For sale by Benson, Smith & Co., Chambers Drug Co., and Hollister Drug Co .-- Adv.
